

PSA Schedule of Rates for Building Works, 2009, Carillion, 0117068314,
9780117068315, Stationery Office, 2009

The Schedule of Rates is the best-known rate guide in the construction industry and is the standard document used in public sector construction work. This is the tenth edition of Building Works and contains completely updated rates and prices. It contains over 20,000 rates spanning the whole range of building works and materials, from acid resisting asphalt flooring through to zinc secret guttering. Rates are complemented with specifications of the product, definition of terms where appropriate, any relevant notes and the method of measurement; in this edition new British and European standards are also featured. Other new features in this edition include rates for additional insulation and Disability Discrimination Act (DDA) compliant items and 'green' roofs.
